PROFESSIONAL EXPERIENCE

Istituto Carlo Cattaneo Oct 2024 – Feb 2025
Research Assistant Intern Bologna, Italy

- Research Assistance on the CRESCO project, which focuses on assessing the impact of the pandemic on the Italian school system's performance, with particular emphasis on areas that were already socio-economically disadvantaged and exhibited lower educational outcomes. The activities include assisting in building a dataset with indicators of learning levels in Italian schools, as well as analysing surveys and developing multilevel multivariate analyses and produce geographical maps of educational inequalities.

University of Bologna June 2024 - July 2024
Research Assistant Bologna, Italy

- Supervisors: Prof L. Picci, Prof. A. Cavalieri, Prof. A. Cheysson.
- Research Assistance for Web scraping project on the decisions of the Italian Anticorruption Authority's (ANAC), using Optical Character Recognition through Python, about specific cases of possible violations of rules of the public procurement code, for the period under analysis.

CERP (Center of Research for pension and welfare state) – Collegio Carlo Alberto June 2023 – Sept 2023
Research Assistant Intern Turin, Italy

- Supervisors: Prof F. Figari, Prof.ssa E. Fornero, Prof. R. Calcagno, Prof.ssa F. Coda Moscarola.
- Research Assistant for a study on the local effects of tax-benefit reforms using spatial microsimulation models. Developed Stata code as a foundation for a web tool allowing users to calculate taxed income or explore public policy scenarios. Key tasks included data research and systematization, proposal and report preparation, participation in research meetings, and analysis of findings. Provided support in developing projects for competitive tenders and contributed to welfare policy analysis.

OTHER EXPERIENCE

Tutor STEM – Fondazione Golinelli April 2024 – Present (Bologna, Italy)

- Developed and delivered engaging workshops for young people aged 8-18, covering topics such as economics, coding and mathematics. Demonstrated expertise in problem solving, creating an inclusive learning environment that fosters creativity, collaboration, and critical thinking. Responsible for managing and inspiring groups of young people, ensuring an enjoyable and educational experience for all participants.

The Model European Parliament - University of Modena and Reggio Emilia Dec – March 2023(Modena, Italy)

- Simulation of the European Parliament by the University of Modena and Reggio Emilia. Developed the capacity to understand the EU legislative process and its functions, team building with 40 participants, present political views and position on topics discussed in the European Parliament.

Archaeological field – University of North Carolina June – July 2019 (Jerusalem, Israel)
